

## SUMMER DAYS

On our counter in the Garment Department over third, half and even less than half price in some instances among them are Black Taffeta Silks, White Taffeta Silks, Black China Silks, Plaid Silks, Linens, Pongees and White China Silks. All are more or less tumbled and of course broken in sizes, but good for twice the money they are marked. Better look them over.

### PUNJAUB SILK

In offering to you Punjaub Silk we believe we're giving you the best silk value that can be bought. "Punjaub" is a silk strengthened by a mercerized long-fibre Egyptian cotton thread, which gives it its wearing and washing qualities without detracting in the least from the silken quality and beauty of the fabric. It will wear three times as long as the best China silk and doesn't cost half as much. It will not crack, it will not wear to slits or pin-holes. In weight it is far superior to any other similar fabric. Eight yards of Punjaub weighs as much as twelve yards of its nearest imitation. This insures the wearer against the slimpsey effect of the fabric after washing. Comes in beautiful shades of brown, navy, receda, red, jasper, pongee, light blue, pink and black.

27 Inches Wide, 48c Per Yard
